

### PRODUCT DESCRIPTION

TAHA Safety N2512 is a premium quality foam nitrile coated glove with dotted palm for enhanced grip and abrasion resistance. Designed for precision handling in both wet and dry conditions, this glove provides excellent dexterity, comfort and durability for a wide range of industrial applications.

### KEY FEATURES

- 
**FOAM NITRILE COATING**  
 Provides excellent grip, durability and abrasion resistance.
- 
**DOTTED PALM**  
 PVC dots on palm and fingers for superior grip and handling.
- 
**BREATHABLE LINER**  
 Seamless knitted liner offers comfort, flexibility and reduces hand fatigue.
- 
**SNUG FIT & DEXTERITY**  
 Ergonomic design ensures a secure fit and excellent tactile sensitivity.
- 
**HIGH VISIBILITY COLOR**  
 Bright orange color for easy visibility and enhanced safety.

### APPLICATIONS

-  • General assembly
-  • Handling of small to medium parts
-  • Maintenance and repairs
-  • Warehousing and material handling
-  • Construction and machinery
-  • Automotive and logistics
